## CCC and Energy

- EA Operational since 1995
- Energy Management section embedded in Environment Directorate
- c. €15million/annum on energy
- 5 full time staff
- Public Office
- Energy projects
  - 38 E.U Projects
  - >100 partners in 21 countries
- Vice Presidents of Energie-Cities

## CYBER

- Communicate your buildings Energy Rating
- Follow on from E.U. DISPLAY project
- 12 European partners.
- Forms part of our annual work programme
- Compliments our Climate Change Strategy
- Towards reaching National targets

- 30 Month E.U. Project
- Create changes through awareness raising
- Baseline Data (all buildings rated)
- Measure the success (before and after)
- Incentivised Staff survey (before and after)
- How much is actually saved by just awareness raising actions????

Total No. of Buildings										73	

- Av. 181 Kwh/m<sup>2</sup>/year
- Target 122 Kwh/m<sup>2</sup>/year (33% reduction)
- Previously a number of campaigns were rolled out.
- New programme forms part of CCS and Energy Map.
- Working with Service providers

## The Campaign

- Based around reducing energy use in non-occupancy hours
- >30% energy used in public buildings while non-occupied
- Joint campaign by Energia and CCC
- Launched October '09
- Based on a League table system
- Updated 6 monthly.

## Contd...

- In-house training by Energia
  - Lunchtime seminars
  - Partnership meetings (energy on every agenda)
  - Area Engineers meetings
- Case Studies in each division
- All specific to CCC so that all staff can relate to it.
- One person made responsible for energy in every building. (energy champions)
